

STRATEGIC HEALTH SYSTEM

Getting Started

Getting Started with the Strategic Health System is easy. To participate, it is important to understand the relationship between you (your practice), the Strategic Health System, and Synergy.

This relationship is simple. You are the owner of your practice. Synergy represents the product manufacturer and supplier of ProArgi-9 Plus, and the Strategic Health System represents the marketing arm of this integrative wellness protocol.

To get started, you need to formalize a relationship with Synergy by enrolling as a Team Member. By accomplishing this, you will be able to purchase products at wholesale for your own product inventory and start your own Strategic Health System.

Synergy Registration

The person that introduced you to the Strategic Health System will provide you with their personal Synergy website address. Example: www.YourHostsName.MySynergy.net. This person is your “Sponsor” and they will help you successfully implement this wellness protocol into your practice.

Please visit your Sponsor’s MySynergy website and select the “Enroll as a Team Member” link and follow the four simple steps.

1. Place your initial product order by selecting the “ProArgi-9 Plus 4 Pack”. This order provides you with a sampling of ProArgi-9 Plus so you can become familiar with this product. This initial order comes to approximately \$240.00 USD and comes with a 100% 90-day money back guarantee - even if the product has been used.
2. Set up your monthly product Autoship order by selecting any of the Autoship options (Approximately \$180 - \$215 depending on your choice of Autoship package). The Autoship begins the month AFTER you register with Synergy. You can change this order as often as you like or you can cancel it if you need.
3. Complete your personal and payment information. That’s it!

Following the registration process, you will receive a welcome email from Synergy that confirms your Activation order and your Autoship order.

Certification Training

The Strategic Health System provides comprehensive training that will take you through each necessary step of implementing this integrative wellness protocol into your practice. As soon as possible, go to the Strategic Health System website and from the Certification link, register for the NEXT available Training.

Scientific Library and Ongoing Education

The Strategic Health System has a vast Scientific Library that includes specific medical protocols, clinical papers, and wellness strategies for your use and benefit.

In addition to the weekly “Practitioner Only” Round Table Webinars that educate others about the Strategic Health System, Dr. Prendergast and other participating practitioners provide weekly “Collaboratory Council” Conference Calls. These conference calls provide great insight and continuing education by those currently implementing this System in their wellness practices. These tools provide the medical collaboration you need to implement this System successfully.
